Business

1. Sonja Endemano presented the Uniform committees recommendation of the uniform to be worn by our teams, the board voted and approved. A motion was made to have all the teams move in unison to the new uniforms. The original motion was voted and passed, a recount was asked for and the original vote was overturned. The new younger teams will be going into the new uniform this year. All teams will need to be in the new uniform by next year. Sonja will check on final price and be in contact with coaches/team parents for ordering needs and questions that arise.
2. Rob Robbins gave an update on the FAD committee. There was discussion on BUSC working with Chico Cal on field space. The question arose weather there would be enough fields available for both clubs, and if Chico High was the only field Chico Cal uses. These questions/concerns will be taken back to the FAD committee. It was also mentioned that the city is going to be fixing the lights at Wildwood.
3. Tournament teams were discussed and the majority of our teams would like to participate and play in a tournament here in Chico.
4. Bruce Sillars asked BUSC to consider dual registration with US Club soccer for several teams to be able to play this season with US Club soccer. After lengthy discussion, it was recommended that the Executive Board meet on this subject to investigate and make a decision based on the findings at the meeting. It was agreed by the Executive Board to meet within a few days.
5. It was mentioned that the Metro Application needs to be in by next meeting.
